Brand Strategy  
like no other

01

**We are  
Droppah**

**Droppah is like no other**

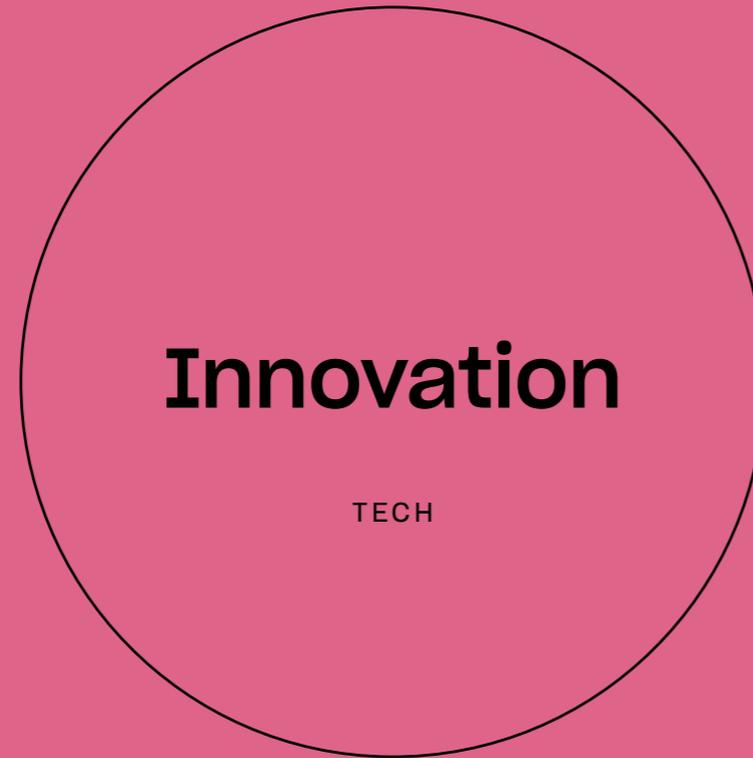

**We are champions of hospo and champions  
of our own**

**Giving our people freedom within a flexible  
framework to be follow their own paths**

**Putting personalisation and customisation  
to work at work**

**For the power of the individual**

## Areas of Focus

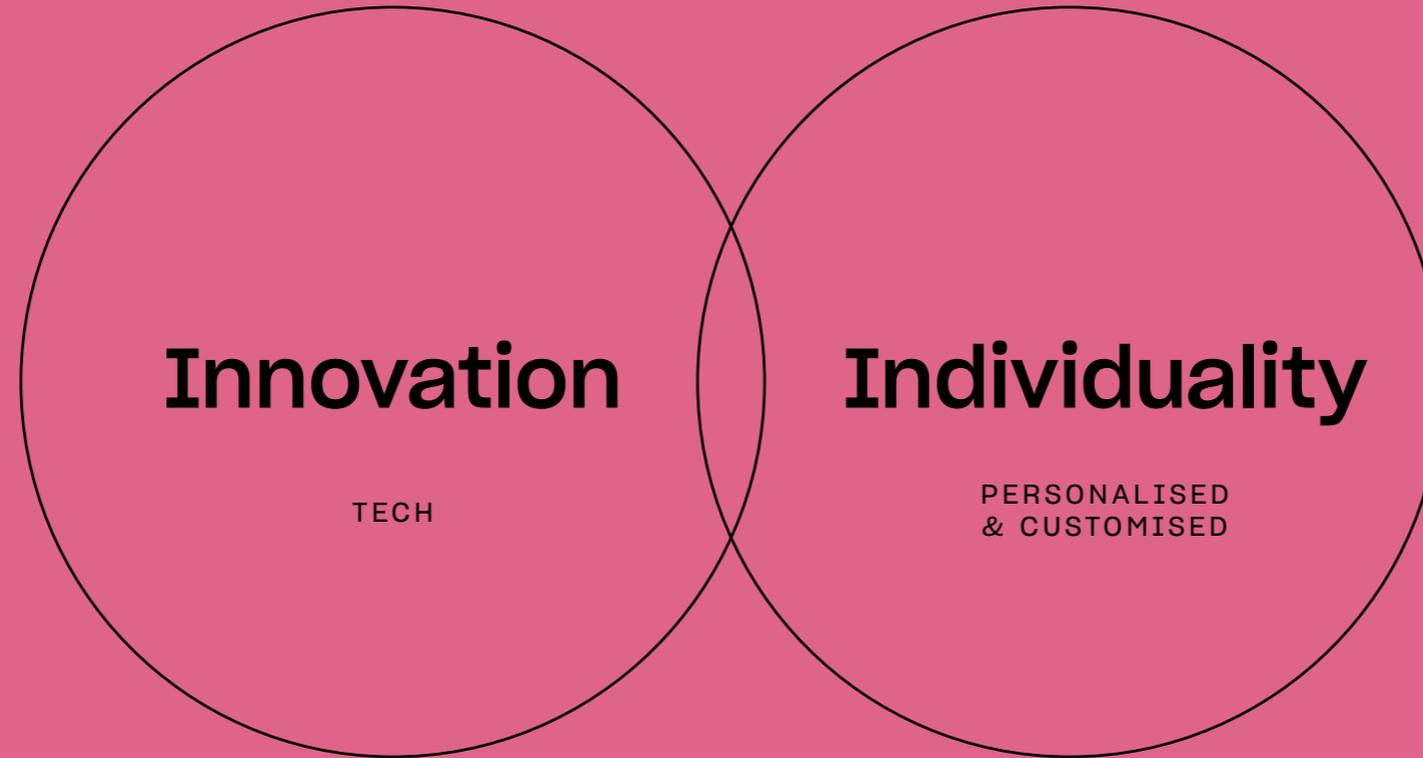

### **Frees you up – works for you**

Smart, intuitive, streamlined...  
making it easy to create, manage,  
build, grow rosters & teams.

Just like hospo, the details  
matter and we want to create an  
unforgettable experience around  
you.

- AI to create rosters
- Experienced across a suite of apps
- Easy drag and drop
- Droppah is live & direct.

## Areas of Focus

### **Hyper-personalised – works around you**

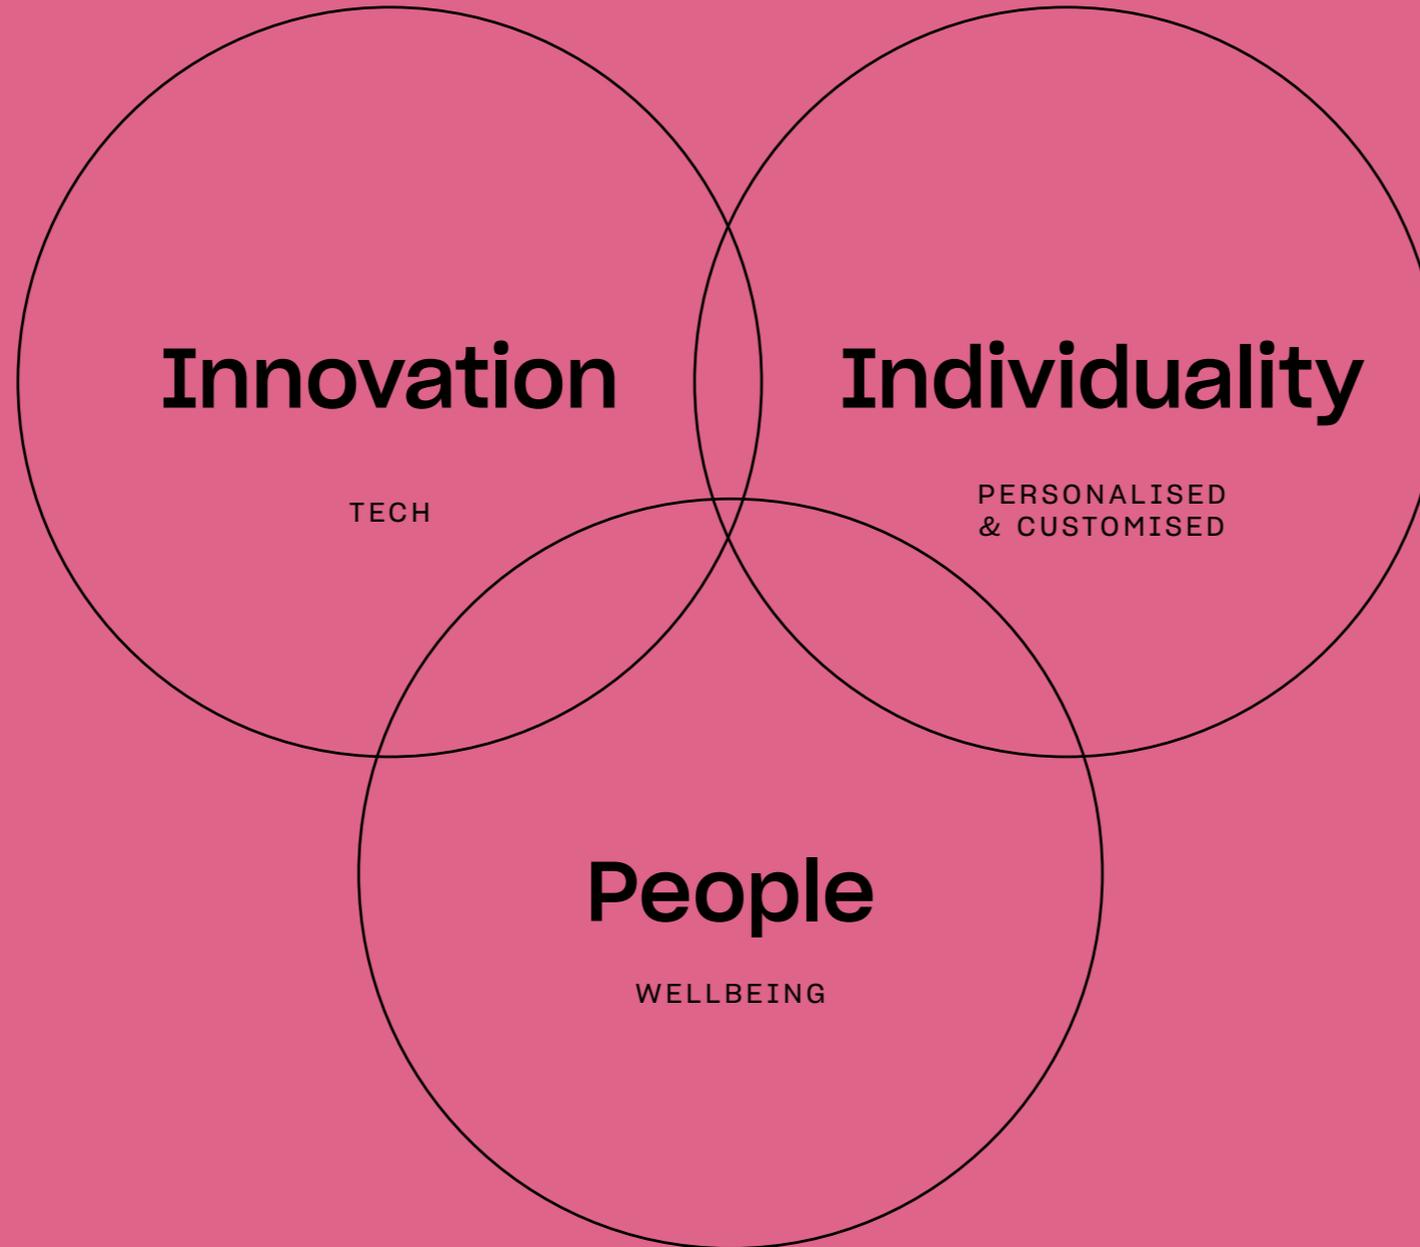

Every person and place is different.

We celebrate that individuality and spirit of each.

Getting personal, getting closer to you so we can work around you.

Clarity & flexibility – so you can live the life you choose.

## Areas of Focus

### People first policy – looks after you

Healthy business,  
healthy people.

Live tracking, clocking in.  
Droppah's got your back.

## Our Pillars

### Champions of hospo

Backing our industry, looking out for our people, to deliver their magic, with innovative support and personal care.

### In tune & in sync

A hyper-personalised system that knows you, and your world, working around you, for you - in real time.

### Awesome experiences

Smart thinking and software, that helps build the teams that create the experiences, our customers love.

### Mobilising & Motivating

Mobilising - organising and empowering teams so they're revved up and ready. Motivating - with a real energy that gets teams into it and loving it.

Single  
Organising Idea

# Droppah believes in embracing individuality

Hospo's a people business.  
And everyday is different.

We're all originals, never same same.

We embrace the individual.  
And believe in freedom of expression.

We're not templates and life isn't a blueprint.

We give people the courage and permission  
to live true to who they are.

We believe in a life less ordinary.

Inspiring, empowering, supportive.

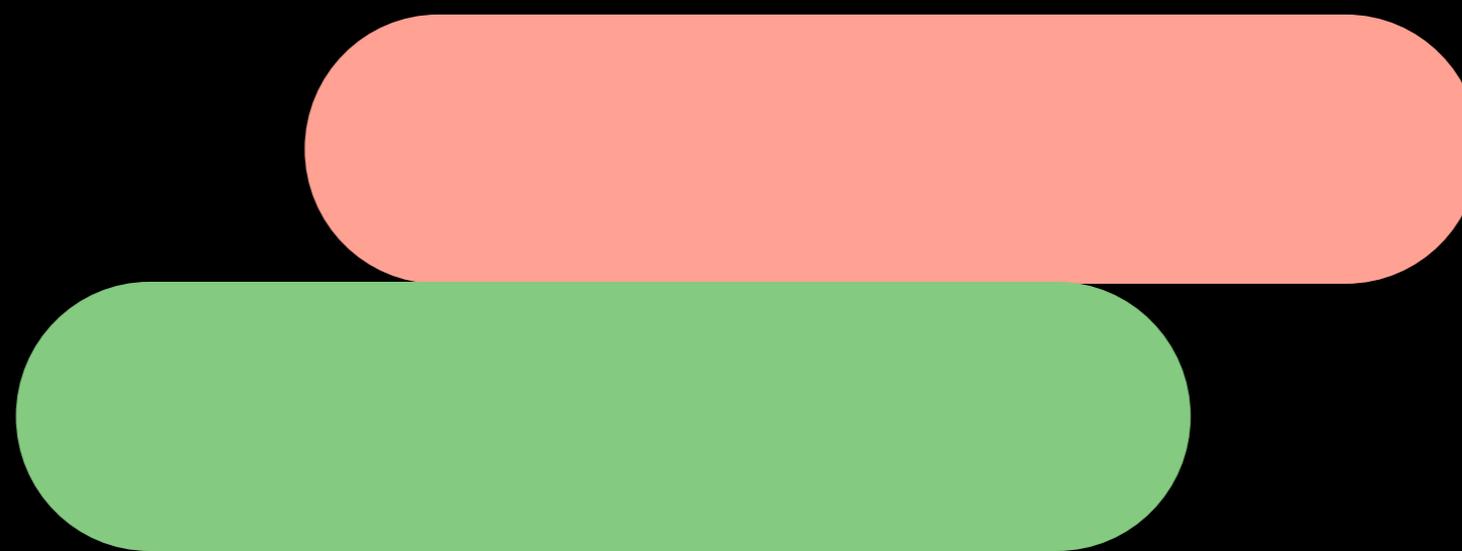

Single  
Organising Idea

# Like no other

Rostering software like no other, an experience like no other, for an industry like no other, for teams like no other, for a day like no other, for a career path like no other, for a life like no other. For You. Like no other.

Brand Voice  
like no other

02

## Character & Personality

Our tone of voice is cheeky  
and a bit unexpected.

We challenge the norm, think  
outside the box and celebrate  
the little things.

# Pioneering & Punchy

**Pioneering** – Our software, our positioning,  
being staffed, our look & feel.

**Punchy** – Our Tone of Voice & attitude.  
Immediate, dynamic, engaging.

# Extended Colour Palette

Our extended palette expands on our daring attitude and allows us to be playful and unexpected with different colour combinations across our communication touchpoints.

The breadth of colours in the Droppah toolkit allows the Droppah software to be fully customisable, and it's users able to colour code to their particular needs and preferences.

These colour specifications ensure that our colour palette is displayed correctly and consistently across the range of its applications.

## Colour Combinations

Because of our extensive colour palette, we can use unexpected colourways, further heroing our personality and attitude.

When combining colours, consider the contrast of the pair. Elements must always be legible against their background colour.

In general, you must also only use two colours, unless an illustration is present.

## Logo

Our primary logo links effortlessly to our flexing system, with rounded letterforms and an extended 'O' that speaks to our distinctive lozenge devices.

The logo must be used correctly in all our communications to ensure brand consistency.

# DROPPAH

## Logo Variants

Our secondary logos speak further to our flexible system, with letterforms that mimic our lozenge device.

Our secondary logos are to be used sparingly or in animated forms.

## Logo Clear Space

01. Clear space is important to maintain the integrity of the logo. The appropriate clear space is dictated by the size of the D. The clear space will increase or decrease in proportion to the logo size. Nothing should appear within this clear space.

Minimum sizing is used to achieve the best clarity and legibility of the logo.

02. For minimum print size, the logo height should not appear smaller than 6.5mm.

03. For minimum digital size, the logo height should not appear smaller than 15px.

## Logo Usage

It may not always be possible or necessary to show our logo in black.

On coloured backgrounds, the Droppah logo can be used in any of the brand colours.

Always ensure the legibility of the Droppah logo, using darker colours on light backgrounds and lighter colours on dark backgrounds.

**DROPPAH**

## Partner Lock-ups

When partnering with other brands the Droppah logo is locked up with the partner logo. Joining the two logos is an 'X'.

Use these clear space rules to ensure the integrity of the two logos and to retain consistency across our communications.

## Icon

An integral part of the Droppah brand is our distinctive icon that relates directly back to our system.

The Droppah icon can be applied where there may not be space for the full wordmark. Please refer to the brand expression for the appropriate application.

Our icon appears in the four-colour configuration, black and white, as shown on the right.

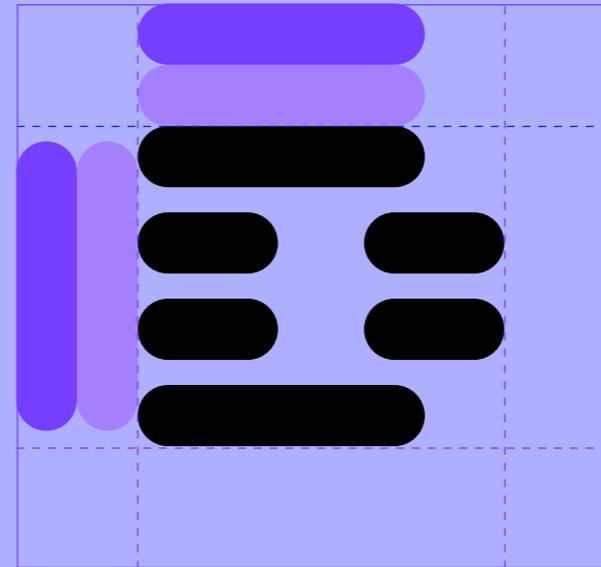

The full-colour icon is our primary version and only used on a black background and only ever by itself.

## Icon Clear Space

- 01. Clear space is critical to maintain the integrity of the icon. Clear space is dictated by the width of two lozenges side-by-side and will increase or decrease in proportion to the icon size. Nothing should appear within this clear space. Use the minimum sizing rule to achieve the best clarity and legibility of the logo.
- 02. For minimum print size, the icon height should not appear smaller than 6.5mm.
- 03. For minimum digital size, the icon height should not appear smaller than 15px.

## Illustration

Our illustration suite adds another layer of playfulness and quirk to the brand. The illustration style uses two distinct elements; our distinctive lozenges and rough, hand-drawn linework.

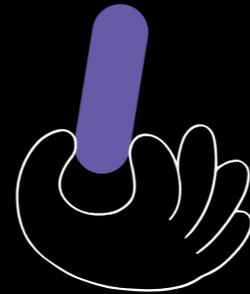

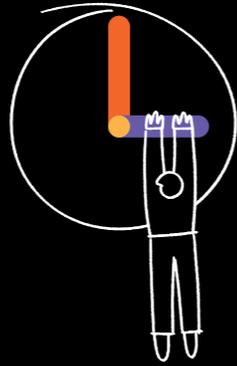

The illustrative elements are to be used in communications that speak both to the software and the hospitality industry. Please refer to the Brand Expression section for appropriate applications.

## Illustration

Our lozenges can be adapted without the linework, to create illustrative elements. These are always designed stacked on top of each other.

This variation on the illustration style can be customisable to the type of business using the Droppah software, such as the shown illustration for a restaurant specialising in burgers and beer.

## Iconography

A bespoke suite of icons that complement our design system and reinforce our connection to the New York subway system.

Our iconography is always to be used with a coloured circle and black lines.

Please refer to the Brand Expression section for appropriate applications.

# Photography

Our photography style is gritty, edgy and real. The content is defined by two categories, work hard and play hard.

Work Hard: Heroing managers and employees at work and enjoying their jobs and co-workers.

Play hard: Celebrating the hard work that goes into the hospo industry with people spending time with others, in energetic, cool settings.

Our imagery is always housed within a rounded rectangle/square, and is not to be used with hard corners or in any other shapes.
